# Sandcastling 101:

**You can't take it with you.** Digging a moat is dirty work. But his son really got into it. And it got into him. In every crease and crevice, there was sand, sweat and suntan lotion. Which all ended up in the car. And that was fine. Because the seats and mats were YES Essentials.<sup>®</sup> And everything came out clean. **No Stains. No Smells. No Worries.<sup>®</sup>**

Available in Chrysler, Dodge and Jeep vehicles.
